

Charities and the voluntary sector

A specialist service

All charities need high calibre professional support and our specialist charities team are familiar with the wide ranging needs of charities and not-for-profit organisations, including schools and academies.

Our continuous training of our partners and staff ensure that we keep abreast of the rapidly changing circumstances within the charity sector.

This enables us to give expert advice on regulatory and governance issues, and will help guide trustees and charity administrators through the maze of accounting, taxation and other areas of legislation.
